### **Interdev Technologies Signs on as Title Sponsor**

The organizing committee of the National Paramedic Competition is pleased to announce Interdev Technologies as our Title Sponsor for the 2014 competition.

The **Interdev National Paramedic Competition** is to be held on Saturday, April 5, 2014 at Durham College Whitby Campus (1610 Champlain Avenue, Whitby, Ontario). The event challenges teams of paramedics from across the country and around the world to put their medical knowledge and skills to the test in a competitive format, with teams facing off to prove they are the best paramedics in the country.

As Title Sponsor, Interdev has once again proven its commitment to Paramedics and EMS. Interdev Technologies is the leading developer of solutions for Emergency Medical Services. Their product line includes iMEDIC EMS, the only total Electronic Patient Care Reporting solution, which is used by a number of EMS/Paramedic services in Ontario. We are very pleased to have Interdev Technologies return as our Title Sponsor for 2014. More information about Interdev Technologies and their products can be found on their website at [www.interdev.ca](http://www.interdev.ca).

We invite the media and public to attend the competition and see Canada's paramedics in action. Media inquiries may be directed to Mike van Mil at the email address above. More information is available on the competition website at [www.ParamedicCompetition.ca](http://www.ParamedicCompetition.ca)
